ROOSEVELT GIVES FOUR DEFINITIONS

NEW YORK, Oct. 27.—(AP)—President Roosevelt, discussing political faiths last night in his speech to the New York Herald Tribune forum, said he was reminded of four definitions:

"A radical is a man with both feet firmly planted—in the air.

"A conservative is a man with two perfectly good legs who, however, has never learned to walk.

"A reactionary is a somnambulist walking backwards.

"A liberal is a man who uses his legs and his hands at the behest of his head."

GENERES RESIGNS AS TAX COMMISSIONER

BATON ROUGE, La., Oct. 27.—(AP)—Allen A. Generes of New Orleans resigned last night as a member of the Louisiana tax commission and Governor Earl K. Long appointed Shirley G. Wimberly of New Orleans, an associate of Long, to take his place.

Generes said in his letter of resignation that he was ill of a heart ailment and his physician had advised him to remain in bed for an indefinite period.

Long recently named Spencer Phillips, former executive secretary of the Louisiana Teachers association, to the commission when its chairman, F. Warren Raggio, resigned to become chairman of the Louisiana highway commission.

The third member of the tax commission is W. F. Calhoun of Jena, acting chairman.

Wimberly was sworn in last night

WILL ENLARGE CHEMICAL PLANT

Bastrop Industry Will Be Afforded Increased Facilities

BASTROP, La., Oct. 27.—(Special)—A $50,000 addition to the Bastrop plant of Consolidated Chemical Industries, Inc., will be ready for operation by early spring, it was stated by S. M. Stelling, local manager of the plant and of the Arkansas bauxite mines.

The addition to the main building will cost $20,000 and equipment $30,000. The storage capacity for aluminum sulphate, one of the company's two products, will be increased by the addition as well as the operating crew at the plant, Mr. Stelling said.

The plant now employs 40 men. The products manufactured are alum for the drug trade, in addition to aluminum sulphate, which is used by the paper mills and water purification plants.

Raw materials used by the chemical plant here are bauxite and sulphuric acid. Bauxite is obtained from the company's two mines in Arkansas. Mine No. 1 is at Bryant and No. 2 is near Bauxite. Sulphuric acid is made at the company's Baton Rouge plant.

The original plant in Bastrop was started in November, 1928, and completed July 25, 1929. A small addition was made to the main building in 1932.

The head office of Consolidated Chemical Industries, Inc., is at San Francisco, with branch offices in New York and until recently London. The European war forced closing the London office. The office for southern district is at Houston, Tex.

Because the demand for aluminum sulphate used by paper mills is not altogether even the year around, arrangements are being made by the chemical plant to take care of increased periodic demands.

The heavy season for paper mill consumption of aluminum sulphate is from July or August until Christmas. After the first of the year, there is usually a slump in paper production.

HOMECOMING OF JUNIOR COLLEGE DRAWS THRONG

Seventh Annual Event Staged; Plan Game And Dance At Night

Northeast Junior college Friday observed its seventh annual homecoming with alumni from all parts of the state participating. Invitations were mailed to all former students and superintendents of parish schools, principals of high schools, parish supervisors and members of senior high school classes in all cities and towns of the Fifth congressional district were invited. Indications early Friday were that there will be 2,500 to 3,000 here during the day.

The big parade was held at 2:30 p.m. proceeding from college to the Illinois Central station. There the students left their cars and paraded on foot through downtown Monroe. Various "pep meetings" were held along the line.

Details of the parade were arranged by Lewis Slater, Miss Ada Bess Hart was chairman of the committee entrusted with the decoration of the cars. She was assisted by Miss Louise Gray and by the Purple Jacket members.

The football game at Brown field will be staged at 8 p.m., and a hard-fought battle is in prospect between Northeast Junior college and Copiah-Lincoln.

A homecoming dance will be held as the culminating feature of the day in the college gymnasium at 10 p.m.

The eight 1938 lettermen have been allowed to choose sponsors to reign over the homecoming events and the players and sponsors are as follows: Mickey Westbrook, Mildred Keller, Max Hutchins, Joy Pettit, Bill Singleton, Marguerite Ikerd, Don Short, Betty Duchkar, Harry Morton, Nellie Ruth Brooks, John Porter, Juanita

PIUS CONDEMNS DICTATORSHIPS IN ENCYCLICAL

Says 'Absolute Autonomy Belongs Only To Supreme Maker'

'GOD'S LAW DENIED'

Calls For Treaties Which Will Bring Lasting Peace

By Richard G. Massock

CASTEL GANDOLFO, Oct. 27.—(AP)—Pope Pius XII today condemned governments which assume "that absolute autonomy which belongs exclusively to the Supreme Maker" and offered consolation to dismembered Poland.

In the first encyclical of his reign, the pontiff, after recounting the failure of his efforts for peace, also pleaded for settlements at the end of the present European war which would avoid the errors of past treaties which failed to bring lasting peace.

He blamed denial of "the authority of God and the sway of His law" for the rise of governments which make the state "the last end of life."

The pope appealed for peace treaties at the end of this war which would avoid the "sacrifices and sufferings" which failed to bring lasting peace in the past.

The war, he said, would fail to impose a decisive change in conditions—unless followed by treaties of peace "animated by justice and by equity toward all."

He warned "there is danger lest settlements be born in such conditions" as "sacrifices and sufferings."

At the same time, he said, respect for treaties was indispensable to peace.

"As we write these lines," the pope said, "the terrible news comes to us

FEDERAL DEBT GOES BEYOND $41,000,000,000

New Peak Causes Discussion Of Proposal To Raise Limit

WASHINGTON, Oct. 27.—(AP)—The federal debt went over the $41,000,000,000 mark today, bringing the treasury within $4,000,000,000 of its borrowing limit.

The new peak caused a revival of discussion in fiscal circles of how and when the administration should ask, as it has said it would do, congress to boost the limit from the present $45,000,000,000 to $50,000,000,000.

Mention of such legislation caused some congressional criticism last session, and is expected to bring more debate at the session beginning in January.

The debt limit stirs controversy because it is the most obvious signpost in treasury accounting of the deficits which the federal government has incurred for 10 consecutive fiscal years.

The federal debt was $16,026,087,087, or an average of $129 a person, on December 31, 1930, but since then has risen almost month by month to its present record level, which equals about $311 a person.

It has increased $2,500,000,000 in the last year, and is expected to rise almost as much in the next year. Busi-

War Likely To Fizzle Out Instead Of Fighting Out

By DeWitt MacKenzie

British Premier Chamberlain has accepted German Foreign Minister von Ribbentrop's challenge of war to a finish, and Berlin has indicated that bombs will begin to crash soon.

Well and good, if they like it that way, but neither of these gentlemen has told us what sort of finish to expect and it's mighty obscure.

However, it wouldn't be rash to make a small bet that the war won't die with its boots on, but that some day it will just turn its face to the wall and pass out because of lack of will to carry on.

One can't escape the haunting belief that the end will come from a crack of public morale somewhere—a breakdown due to want of sufficient inspiration to struggle on indefinitely under the burden of privation and death.

The allies are using all their wiles to bring this to pass in Germany. And from the Nazi front lines loudspeakers blare out across no-man's land: "Frenchmen, lay down your arms and shake hands. The Germans don't want to fight!"

The trouble with this unwanted war is that it lacks both oomph and soul. It has neither a Paris battling for his Helen of Troy, nor yet a Sir Galahad riding for the Holy Grail.

To date, this scrap hasn't even produced a slogan with half the punch of "we want a touchdown" to justify its existence.

A fellow can fight for a banner-line like "Remember the Maine; To Hell With Spain!"

But it's hard to get really bloodthirsty over invitations to go out and "crush Hitlerism" or smash "British imperialism." A man's heart can't burn for long over such abstractions, especially when they total up to mean that the conflict is to settle the question of who is to be big boss of Europe.

I visited all the countries involved in this war within the year. I believe that as a whole their people at this

LANDON FLAYS UNEMPLOYMENT AS BIG PERIL

Asserts It Leaves Almost As Many Homeless As Hitler And Stalin

MOUNT VERNON, Ia., Oct. 27.—(AP)—Alfred M. Landon, 1936 Republican presidential nominee, today declared unemployment in the United States has left almost as many persons homeless and hungry "as has the ruthless force of Hitler and Stalin."

In a speech prepared for delivery at the inauguration of Dr. J. B. Magee as president of Cornell college here, Landon pointed out that Americans have watched the shifting and regrouping of European populations "with something akin to horror."

"But what of the great shifting of population in this country?" he asked. "A shift from steady jobs to makeshift existence in unemployment?

"Has not the ruthless force of economic displacement left almost as many people homeless and hungry as has the ruthless force of Hitler and Stalin? The dread of unemployment may be as demoralizing as the dread of war.

"The weakness in our system, in that part of us are living in plump comfort and part of us almost as outcasts, must not be overlooked."

In a frontal attack on American preoccupation over the war at the expense of domestic issues, the speaker linked the hope of maintaining American democracy with the solution of economic problems.

"Until unemployment in its present magnitude is cured and the coincident breakdown of faith and the progressive growth of skepticism are cured," he said, "our country is in mortal illness."

Too much emphasis has been given to the problem of caring for the jobless, he added, "and not enough to the causes and cure of unemployment."

Assailing "experimental expedients such as pump priming," Landon declared national safety and individual security "rest upon engagement of the greatest number of men in private enterprises of their own."

"The waste, extravagance and political manipulation of the temporary

TARIFF BLAMED FOR 10-YEAR DEPRESSION

MONTGOMERY, Ala., Oct. 27.—(AP)—Harry M. Ayers, publisher of the Anniston (Ala.) Star, blames the tariff policy of the United States for the present European war and the "10-year depression."

Ayers expressed his views in an address last night to approximately 1,000 teachers who attended the annual meeting of district four, Alabama Education association.

The publisher also advocated federal aid to equalize educational opportunities, the consolidation of Alabama's three largest institutions of higher learning under one executive board in the interest of "economy" and endowment aid to enable deserving high school students to complete their education.

Plans of the National Education association for the year were outlined by Miss Amy H. Hinrichs, New Orleans, president.

"When we here in the United States traded off the League of Nations for the Hawley-Smoot tariff act,' Ayers told the educators, "we laid the foundation for the present European war, the backwash of which we are now trying so desperately to keep from our shores, and at the same time sowed the seeds of the 10-year depression from which we have not yet emerged."

Neutrals In Berlin Inclined To Agree With This View

WASHINGTON, Oct. 27.—(AP)—The senate voted today to repeal the embargo against sale of arms to Europe's warring nations.

The action cleared the way for passage of the administration neutrality bill, which in addition to ending the embargo, also would set up a limited cash and carry system of commerce with belligerents.

PARIS, Oct. 27.—(AP)—The Germans have moved tanks and rapid-fire artillery into attacking positions on the Siegfried line, French military observers reported today.

French patrol reports indicated that the Germans facing the Maginot fortifications were in "jumpoff" spots all along the northern flank, but an intense cold snap proved an ally of the French, who said they were all set for a German offensive.

The cold and flooded regions in some parts of the front caused French observers to doubt that a German drive would be immediate, but they said they expected it as soon as a rift in the weather appeared.

NAVY CALLED BEST DEFENSE AGAINST WAR

Roosevelt Sends Letter Stressing Importance Of Sea Forces

WASHINGTON, Oct. 27.—(AP)—The largest and most powerful American navy in 17 years was told by President Roosevelt today that it was the nation's chief reliance to keep out of the European war.

"The most promising way to preserve our peace lies in the ability to defend our sea frontiers," Mr. Roosevelt said in a navy day letter to Active Secretary Charles Edison.

"That peace we shall strive to maintain by all honorable and advanced means. With the world in arms, this country is compelled as never before to maintain an adequate and positive defense."

The president's letter constituted almost the only official recognition of the day. Officers and men themselves were too busy with the neutrality patrol, with training recruits and building new ships to celebrate.

Navy day found the fleet operating under virtual wartime conditions. Visitors were barred from ships and shore stations. Movements of all fighting ships on the Atlantic coast patrol and with the main fleet in the Pacific were secret.

It is no secret, however, that the largest number of ships is at sea since the 1922 limitation treaty junked or retired half the World war navy. There were 321 ships of all types in commission then. There are 388 manned now, including 40 World war destroyers put back in service to reinforce the neutrality patrol. The navy has 586 vessels of all types.

Baton Rouge And Orleans District Attorneys Refuse To Act

SAY POLITICS REASON

Attempt Made To Place Charges Against Orleans Mayor

BATON ROUGE, La., Oct. 27.—(AP)—District Attorney Dewey P. Sanchez today refused a request that he file ouster proceedings against Governor Earl K. Long.

The request was made by James L. McCain, candidate for attorney general on the ticket of James H. Morrison, Hammond attorney running for governor against Long.

McCain presented Sanchez with a complaint that Long had violated an old statute, act 41 of 1873, providing that an officer vacates his office by aiding a "usurper" of another office.

McCain contended under the act Governor Long vacated the executive position by recognizing David M. Ellison as attorney general. Ellison was ousted from the office Monday by state police on Long's orders.

In ejecting Ellison, who later said Long had done him a "favor," the governor contended Ellison had been serving illegally as attorney general. The executive thereupon appointed Lessley P. Gardiner, an aide to Ellison, as attorney general.

Sanchez said he was convinced the only way a governor could be removed from office was through impeachment as provided by sections one and two of article nine of the constitution of 1921, and that the provisions of the 1873 act have been rendered ineffective by the constitution. Sanchez cited a long list of legal decisions to back up his stand.

"Further," Sanchez said, "an examination of act 41 of 1873, as amended, discloses that there is no provision therein making it the duty of the district attorney to institute such proceedings against the governor, and, despite my political alignment (against Long) in the gubernatorial campaign, I do not intend to use my office as a political instrument."

Act 41 of 1873 under which McCain requested the action be brought, provides:

"If any public officer, whether state, parish or municipal, shall give adhesion to, or in any manner recognize the authority of any person who may be usurping a public office within contemplation of this law, such public officer so giving adhesion to or recognizing such usurper shall be deemed to have forfeited and abandoned public office held by him under the constitution, the laws and the government of the state."

State Treasurer A. P. Tugwell had demanded assurances from both Gardiner and Ellison that the latter had completely foresworn all claims to the attorney generalship and that Ellison would not contest Gardiner's status.

Tugwell had held up Gardiner's office funds until he became satisfied on these scores and convinced himself that Gardiner legally serves now as attorney general.

Despite this, armed state police troopers continue guarding the capitol, particularly Ellison's office. A company of national guardsmen, stationed across the street from the statehouse for three days, have been dismissed, however.

The keen [illegible] present with the future in [illegible] He spoke in the name of God, the all-[illegible] distinguished liberality, [illegible] intelligence and excellent manner, the perfect pattern of an ancient pope of the Catholic church.

Archbishop Pacelli remained at Munich as papal nuncio during the [illegible] last years of the war, deeply moved by the suffering all around him. He saw the disintegration of the German empire and the birth of the new republic.

From the pulpit he preached against the Red regime that followed the war. Once an armed band broke into the nunciature at night. Without flinching, he walked down the broad staircase to meet his callers, dressed in his robes of office.

Pistols were pressed against him. Satisfied, he said: "You are on extra-territorial soil. It is never wise to kill a diplomat."

Slowly, the nuncio's dignified composure [illegible] his quiet charm. Later, he received apologies from the party leaders.

He was accredited as envoy to the new German republic in 1920 and moved the nunciature to Berlin in 1921. Later, he negotiated the concordat between Germany and the Vatican, to replace the old one which concerned only Bavaria. This was regarded as his major diplomatic triumph.

When he became pope on March 2, 1939, his first formal utterance, the day after his election, was an appeal for peace. He invoked the aid of God for the heads of all governments that they might conduct the affairs of state in a manner to avoid war.

In every public discourse since then and on every possible occasion, he has renewed his prayers for peace. He has already been called, in many lands, "the pope of peace."

FAIR'S MONEY COMES FROM PLAIN FOLKS

Next Year's New York Exposition Will Place Emphasis On Fun

By Andy Anderson

NEW YORK, Oct. 27.—(AP)—The New York World's fair, which thought there was pay dirt in top hats but found the real gold was in plain business suits and slacks, closes its first season Tuesday with a neat lesson in finances and mass psychology tucked beneath its ample belt.

There's going to be a lot of emphasis on fun next year, officials said today when the Flushing phantasmagoria will be the people's playground at cheaper rates—a far cry from the cultural tail-coat and cuff-board aura draped over it when it started six months ago.

And if all prace which during opening days were on the outer standards have been brought down to hot dogs and drinks at beers.

The fair's financial angle, anything to chortle about, but hasn't done so badly [illegible] because it was originally meant to be the city's immediate

It was [illegible] approximately a 50,000,000 attendance at a cost of $50,000,000 [illegible] quarter $20,000,000 because of [illegible] quarters [illegible] undercover [illegible] with [illegible] counting.

Builders [illegible] hard [illegible] engineering [illegible] Moses and Tugwell this year presented the project Hot Mikado and long-range planning for special events [illegible] the unconscious haphazard system of the season just closing.

Next year a different gate angle [illegible] year's seventy-five million [illegible] people, other financial incentives like continued bargain days many of the others have indicated they will return next year and that virtually all foreign participants will come back. Details are to be completed during the winter [illegible] trent spaces having been reduced, but already contracts have been signed by General Motors, Ford railroads, aviation and a few others.

Grover Whalen remains as president in charge of foreign participation but the men in the saddle now are Harvey D. Gibson chairman of the board and the stand man of affairs who became so enthusiastic once that he went [illegible] king with the best of them in a jam session at the Mardi Gras casino, and Publicity Director Lee Casey.

They changed the fair's policy about midseason, and attendance started upward. And both said today the fair opening next year on May 25 to run five months would have more free and less expensive entertainment, [illegible] charges at the fun zone to pep up [illegible] musical comedy produced by Mike and Tugwell this year presented the peerless Hot Mikado, and long-range planning for special events instead of the unconscious haphazard system of the season just closing.

OPEN HOUSE SUNDAY PLANNED AT TECH

RUSTON, La., Oct. 27.—(Special)—Louisiana Tech will have the latch string on the outside Sunday afternoon from 3:30 to 6 o'clock, at which time many visitors are expected to inspect three new buildings and three buildings remodeled and refurnished in recent months.

The occasion will give the public an opportunity to visit three recently completed buildings, including a boys' dormitory, girls' dormitory and the dining hall. At the same time the public will be invited to visit the president's home, the home management house and the girls' old dormitory, which have been redecorated and refurnished.

Parents of all students residing in the Tech dormitories have been extended personal invitations to attend the open house through letters written by Miss Caroline Cochran, dean of women, and W. L. Mitchell, dean of men.

Souvenir folders commemorating the open house observance will be presented to the visitors.

ATHLETE ADMITS HE KILLED YOUTH

CHARLESTON, Miss., Oct. 27.—(AP)—County Attorney James Blount said Lawrence Whitten, 19, Charleston High school athlete, admitted he shot and killed Sam Bryant September 16 during a dance at Bryant's place seven miles west of here.

The attorney said the youth's father, Alen Whitten, charged as an accessory, was free on bond. It was reported young Whitten would plead self-defense. The motive for the shooting was not disclosed.

Those Days Are Gone

Do you remember when Britain's greatest emotional problem was whether the Duchess of Windsor was to be accorded the title of *Her Royal Highness*?

It was not so long ago, and yet today the former Wallis Simpson, whose husband refused to return to England until the duchess was officially recognized as H. R. H., is working side by side with British and French of high standing. While the Duke of Windsor is occupied in a military capacity, his wife devotes her time to relief work.

Once the problems they precipitated ... the British cabinet, and sent the Windsors into ... Today, almost without public notice, ... the country they once fled.

Two Grim Alternatives

Within a week two New York fathers took the lives of their children because they believed their sons to be physically or mentally unfit for the future.

These slayings emphasize anew a problem for which society has never found a completely satisfactory solution. Of course, it is easy to say that murder is wrong. No one can dispute that. The primary right of the individual to be permitted to survive should be held inviolate.

For the care-worn New York fathers whose normal hopes of healthy heirs had been shattered, death for their sons seemed a happier solution than the prospect of the black lives they were doomed to lead. No one can help but sympathize with these parents who had two alternatives—both of them grim.

Success of the Hitler-Stalin agreements indicates that Nazism and Communism are merely different labels for the same brand of poison. Of course, that's what Congressman *Dies* has been trying to tell us all along.

NATION'S RETAIL TRADE SHOWS GAIN

NEW YORK, Oct. 27.—(AP)—The nation's retail trade in the past week showed an estimated gain of 8 to 12 per cent over the corresponding period last year, the Dun and Bradstreet Weekly Trade Review said today.

"New England showing the smallest advance in the country," asserted the Review, "was less than 3 per cent ahead. In contrast northwest trade was up 10 to 16 per cent and middle west 9 to 20 per cent. Stores in the two sections frequently reported their best week so far this year.

"On the Pacific coast the gain dropped back to 3 to 8 per cent as comparisons were made with the post-strike period last year. Other regions had increases as follows: East 4 to 12 per cent, south 6 to 15 per cent, and southwest 8 to 15 per cent.

"Wholesale buying was confined chiefly to the replacement of depleted stocks. In regard to future needs, buyers apparently preferred to play a waiting game for the time being, taking their cue from the European belligerents."

TUGWELL RECOGNIZES ATTORNEY GENERAL

BATON ROUGE, La., Oct. 27.—(AP)—State Treasurer A. P. Tugwell, after a two-day refusal to recognize as legal the appointment of Leslie P. Gardiner as attorney general by Governor Earl K. Long, has signified his approval of the appointment, it was learned today.

Tugwell, it was reported, conferred with Gardiner and Dan I. Fowler, whom Governor Earl K. Long removed from the attorney generalship to make the appointment, it was said.

Y. W. C. A. Fills Vital Need With Program For Girls

Organization Helps Young Women To Find Place In Life

EDITOR'S NOTE—This is another of a series of articles about organizations affiliated with the Twin City Community Chest, which is now in the midst of its second annual financial campaign.

"To build a fellowship of women and girls devoted to the tasks of realizing in their common lives those ideals of personal and social living to which they are committed by their faiths as Christians" is the purpose of some 450 members of the Monroe Young Women's Christian association.

Starting in Monroe ten years ago the Y. W. C. A. has grown to a large organization, with 10 clubs, a girls residence, a program for business and professional women and girl reserves.

The Y. W. C. A. offers all that is fine in the community—training women and girls and, through natural and normal activities, enabling them to live a full and creative life.

Miss Ivo Wilson, general secretary, is the only professional worker on the staff. The Y. W. C. A. through the years has had a board composed of leaders in the community. The board functions with the trained worker so that she can follow through with a program of needs in the community as discovered by the board.

Miss Wilson has a group of 24 board members, with Mrs. Kugler, president, Mrs. Stanley Blower, vice-president, Miss Mary Benoit, secretary; and Mrs. D. E. Metcalf, treasurer. Other board members are: Mrs. Bunn Beasley, Mrs. Olan Black, Mrs. J. S. Drew, Miss Eleanor Faulk, Mrs. C. P. Gray, Mrs. R. E. Hanna, Mrs. W. R. Hatchell, Mrs. R. B. Henry, Mrs. George Holland, Mrs. King Hunt, Mrs. Harvey McDonald, Mrs. D. F. Milam, Mrs. Courtney Oliver, Mrs. Curtis Seaman, Mrs. Sidney Stroud, Mrs. Guy Stubbs, Mrs. Frank Stubbs, Mrs. A. D. Tisdale, Mrs. J. R. White and Mrs. Bodner Bowman.

The Y. W. C. A. gives home counsel in problems of a social nature, health and religion and training in social adjustment and character building.

During the past year, several girls have been able to complete school and vocational training and take their places in the community as self-sustaining girls because the Y. W. C. A. has fulfilled its place in the community as an agency of the Twin City Community Chest.

The Y. W. C. A. has a residence with a capacity of 24. At the present time every room is taken and there is a waiting list of 12 girls and daily calls from interested people show there is great need for this Y. W. C. A. home.

Mrs. John D. Coats is the residence secretary and her time is given to making the residence a desirable and comfortable place for girls.

The Y. W. C. A. program has opened avenues of rich experiences for a large number of girls and has enabled them to discover for themselves their part in the living of a full community life.

A few statistical facts will give an insight into activities of the organization: Girls touched by some phase of activity, 425; women provided free shelter, 6; transients paying lodging, 12; business and professional club girls, 65; girl reserves, 200; residence club girls, 63; housing facilities (bed capacity), 24.

BETTE DAVIS ENDS ROW WITH STUDIO

HOLLYWOOD, Oct. 27.—(AP)—Bette Davis, who quarreled with her studio because of a too-heavy schedule of work, is at peace with her employers again—but they're still going to keep her busy.

Warner Brothers announced the actress who twice won the Academy of Motion Picture Arts and Sciences award—and who is a strong candidate again in 1939—would start off another series of pictures with "The Woman Brown."

Although she no longer will be required to turn out four pictures a year, at least two other pictures, "All This and Heaven Too" and "No Time for Comedy," already are being lined up for her.

THREE HURT AT HOSPITAL

BOSTON, Oct. 27.—(AP)—Mrs. Nora Burns, 49, slipped and broke her wrist; Michael Healy, 64, was hit in the eye with a hammer; James Wall, 65, suffered a back injury when a ladder broke—but they didn't have to go far for treatment. They all worked at city hospital. The accidents occurred yesterday.

BLACKHEATH'S LONG LOST CAVERNS FOUND

LONDON, Oct. 27.—(AP)—The long lost caverns of Blackheath have been found again and now they may be turned into an air raid shelter for suburban Greenwich.

The caves—four rooms in the chalky earth under the site of one of the world's first golf courses—were open to the public for years but in 1926 they were closed as unsafe.

Fallen material blocked the entrance and they were forgotten.

Workmen have sunk a 40 foot shaft and rediscovered them. And today the borough council is considering installing some timbers to make a bomb-proof shelter.

After A Man's Heart

by JEAN RANDALL

YESTERDAY. Trying to show Tim what Iris is like, Buff tells him Iris's confession. He resents Buff's interference, and refuses to believe a word of it. Buff is determined to discover what Iris is up to.

Chapter 24

Tricking The Tricksters

BUFF poured out to George the story of her last talk with Iris.

"But look here!" George excitedly, "If she practically admitted she did that last summer, there's nothing to it. All we have to do is to tell Tim and he——"

She shook her head. "I told him last night. It didn't do the least bit of good. It only made him more determined to defend her. No, George, we've got to work from the other angle—from Iris herself. She's up to something and the published announcement of her engagement to Tim is what it all hangs on. Don't ask me how I know. Part intuition, perhaps, and part cold reasoning. The point is I do know. Now here is what I want you to do. Get [illegible] and [illegible] what [illegible] Buff! What a gal you are! Hey, marry me, Buff, and we'll go places in this world."

"Sorry, lamb, but I love another!" She tried to throw dramatic seriousness into her voice but it quivered just a bit. "To get on with our idea of this business: why, says the imaginary buyer to himself, would a man pay twenty thousand dollars for a couple of holes in the ground, plus some acres which bear only scrub pine and kinnikinnick, unless he knew it was worth all that and more; and a mining engineer and assayer usually knows—not believes, he'll reason, but knows it is worth far more? So he walks into the Latshaw-Iris trap baited with the same piece of cheese which caught you and Tim last summer."

"Yep! But what'll be Iris's excuse for offering him the land—if it's an engagement or wedding present from Tim to her?"

She threw him a glance of triumph. "Sweet, foolish Iris doesn't realize what she's doing, does she? Our buyer thinks he's putting something over on her—on Tim. She prattles gaily about wanting the money for her trousseau, [illegible] which she in turn will give Tim for a wedding present—something like that. Yes, I know what Iris sees the buyer is a [illegible] Of course he is. W[illegible]

'Marry Me'

"DON'T you? Supposing there was a——"

"New buyer for the land."

"—and Latshaw or Iris, or both working together, had convinced him by fake tests that——"

"—the mines were what we thought 'em last August——"

"But one last bit of proof was needed, one thing that would clinch the deal so that our imaginary buyer would not call in other experts——"

"—and our buyer, who's not so darned imaginary at that! knows Tim by reputation——"

"And Iris says carelessly that Tim paid twenty thousand for it as a pre-nuptial gift to her——"

"—having, of course, the deed in her possession to flourish before his credulous eyes——"

"Then the only thing lacking would be the absolute, direct proof that they are engaged! And here," she said simply, laying her hand on the paper, "is the proof in black and white."

Weekes gave a whoop of pure joy. "What a stupid ass I've been not to see it! Stupider than Tim because of course he's trying to believe Iris is straight, and I've known all along she isn't! Oh, Buff, I [illegible]

I can [illegible] I was going to be [illegible] I [illegible] evening. [illegible] All [illegible] evening [illegible] calls from [illegible] going to be informally [illegible] me to keep secret to Tim about the engagement, but if you [illegible]——"

"I'll only think, I know! Nobody's asking you to wring Tim's hand in joyful congratulation, or to go around beaming with delight over it all. But you can—and must!—pretend to him, keep your friendship as it is. I'd just as soon," she went on thoughtfully, "that you weren't too cordial to Iris about it. She'll be on her guard if you suddenly changed your attitude toward her."

Buff was not surprised to have Iris call her that same evening. She had counted on Tim's silence in regard to his last talk with her. She had been a little puzzled, in fact, that Miss DeMott had not called before. Buff Carroll was a card she no longer needed in her hand, but it was not like Iris to overlook the slightest advantage. Her first words to Buff explained the day's silence.

"Did you see it in the paper?" she asked triumphantly. "Darling, I would have told you this morning but I had to be in Denver all day. Just got back, in fact. I suppose you've been trying to get hold of me. Well, was I right, or was I right?"

"You were right," was Buff's meek reply. "I hope you'll be happy, Iris, whatever comes to you."

They chatted in this vein for a few moments, then Iris brought the conversation to a close. "Tim's here, and the old foolish is jealous even of you!"

Buff hung up with a wry little face.

Continued Monday.

Clayton

The Clayton Home Demonstration club held its regular meeting at the home of Mrs. John Quinn. In the absence of Miss Clyde Shillings, Mrs. James Bowman presided over the meeting. Iris bulbs were distributed to each club member and Mrs. Florence Thomlinson gave a demonstration on the preparation of vegetables.

The following officers were elected for another year. President, Mrs. John Pickler; vice-president, Mrs. J. Harper; secretary-treasurer, Mrs. George Durham; nutrition leaders, Mrs. S. C. Ferguson and Mrs. Florence Thomlinson; garden leaders, Mrs. Walter Lancaster and Mrs. E. L. DeLoach. At the the close of the meeting Mrs. Quinn assisted by Mrs. Thomlinson, served refreshments to Mesdames Shelly Clayton, J. J. T. Pickler, Ellis Dabbs, E. L. DeLoach, Floyd Quick, Jesse Sullivan, Walter Lancaster, Stella Robertson, S. C. Ferguson, Jim Harper, V. A. Rosier, John Quinn, Florence Thomlinson, George Durham, C. A. Stevens, William Chandler, C. A. Bird, James Bowman, David Mitchel, Doyle Davis, Lydia Cole.

The Clayton Missionary society met at the church for their Royal Service meeting which was opened with the song "I Love to Tell The Story," followed by prayer by Mrs. Davis. Mrs. Davis also gave the scripture reading, Matthew, 23-24-25. Mrs. Stella Robertson led in prayer. The subject for the afternoon was "Tithing" and its effect on missionary work, the meeting closing with the song "Help Somebody Today" and a prayer by Mrs. Floyd Quick.

The following members were present: Mrs. Stella Robertson, Mrs. Clyde Stevens, Mrs. Floyd Quick, Mrs. Lydia Cole, Mrs. V. A. Rosier, Mrs. Jesse Sullivan, Mrs. Doyle Davis, Mrs. John Pickler, Mrs. S. C. Ferguson, Mrs. Jim Harper, Mrs. Walter Lancaster, Mrs. E. L. DeLoach, Mrs. James Bowman.

ittered Craft Found fter Being Washed Up On Goodwin Sands

VER, England, Oct. 27.—(AP)—Be- n 50 and 60 bodies were reported to have been found by British s exploring a shattered German arine washed up yesterday on oodwin sands.

Goodwin sands are more than miles out from the Kent coast, ng a natural breakwater to the ns roadstead. Heavy firing was l off the coast on Wednesday. e theory was that the submarine was sunk either by depth charges or aerial bombs and drifted aground.

A German submarine was stuck on the sands after becoming entangled in nets in 1917. Half of the crew was saved.

Divers worked from a salvage vessel beside the submarine. Part of the conning tower and periscope were visible from shore with the aid of glasses.

The submarine was lying on a sandbank near the wrecks of the Italian steamer Val Salice and the American steamer Siberia, lost on the same day in 1917 during a storm.

Goodwin sands are the storm-tossed wreckage of a once-fertile island.

Known as Lomea, the isle was the home of Earl Godwin or Godwine in the eleventh century, when England was a Saxon land.

William the Conqueror confiscated the estate and gave it to the abbey of St. Augustine at Canterbury.

Tradition holds that funds for maintaining seawalls of the island were diverted by the abbey to build the steeple of Tenterden church, in the Kentish town of that name.

As a result, the island was swept away by a storm in 1099, and, ever since, its treacherous sands have been the bane of mariners.

An old maxim of the countryside runs: Tenterden steeple was the cause of Godwin sands."

RICHARDSON IS CLUB'S SPEAKER

President Of Tech Tells Of Progress Made By Ruston Institution

President E. S. Richardson of Louisiana Polytechnic institute, was the speaker at the Thursday luncheon of the Monroe Rotary club held in Hotel Virginia.

He discussed the remarkable progress of Tech in the past few years and also told of plans for future development. The attendance has doubled in a short space of time and right now a two-million-dollar building program is being completed.

The college ranks high in all its departments, especially in education, engineering and other courses.

Many prominent business and professional men of the Twin Cities have in the past graduated from Tech and the president expressed the opinion that still many more will do so in the years to come. In no way does it conflict with Northeast Junior college in Monroe as this is a two-year institution while Tech is one that has four-year courses leading to the conferring of degrees, it was explained.

PACKAGES TAKEN

Theft of three packages from her automobile parked across from Morgan and Lindsey on DeSiard street, was reported to local police Thursday night by Mrs. J. Q. Whitlock, Brownville road, West Monroe. The packages were described as containing a little girls blue coat, two pieces of dress material and several articles of underwear.

PRESIDENT HITS AT CRITICS OF FOREIGN POLICY

Charges 'Deliberate Setting Up Of Imaginary Bogey Man'

NEW YORK, Oct. 27.—(AP) Stressing reaffirming American neutrality President Roosevelt last night said critics of his foreign policy who have warned it would force American boys to shoulder arms abroad were guilty of one of the worst fakes in current history.

"It is a deliberate setting up of an imaginary bogey man," he added caustically.

The president spoke last night on the closing program of the ninth annual New York Herald-Tribune forum on current problems, after King Leopold III of Belgium declared it was vital for his country because of economic reasons to remain at peace but that Belgium was ready to fight, if necessary, to preserve its independence.

The heads of the two nations spoke from their respective capitals. The speeches were broadcast nationally in this country. Leopold's was also heard throughout Europe in English, French and Flemish rebroadcasts from Belgian stations.

In sharp tones President Roosevelt rebuked "orators and commentators and others" in and out of congress who he said have been "beating their breasts and proclaiming against sending the boys of American mothers to fight on the battlefields of Europe."

"That I do not hesitate to label as one of the worst fakes in current history, I declare!

"The simple truth is that no person in a public place in the national administration in Washington or in any state government or in any city government or in any county government has ever suggested in any shape, manner or form the remotest possibility of sending the boys of American mothers to fight on the battlefields of Europe.

"It is a wilful, baleful, deliberate, and dishonest fake."

Asserting nothing was impossible for Americans to be neutral in thought as well as act, the president said:

"The fact of the international situation is the simple fact, without any hope on my part without any appeals to fear, here is that the United States as I have said before is neutral and does not intend to get involved in war."

The president said democracy was threatened by two groups—those who seek the fulfillment of ideals at a pace too fast for the machinery of the body politic to function and "that small minority which complains that the Democratic processes are inefficient as well as slow."

"Extreme rightists and extreme leftists should not be taken out by us and shot against the wall," he continued, "for they * * * make us realize the value of the democratic middle course—especially if that middle course, in order to keep up with the times, is just a little bit left of center."

King Leopold, speaking in fluent English during his six-minute broadcast, said Belgium stood side by side with Holland, "an island of peace in the interests of all."

"We are prepared to exert our entire strength in order to uphold our independence," he added.

"Exactly 25 years ago, day for day, the Belgian army under the command of my father, King Albert, arrested after a hard battle the progress of a cruel invasion.

"If we were attacked—and pray God this may not happen in violation of the solemn and definite undertakings that were given us in 1937 and were renewed at the outset of the present war—we would not hesitate to fight with the same conviction, but with forces ten times stronger."

LONG SAYS CLAIM OF FEAR RIDICULOUS

SHREVEPORT, La., Oct. 27 (AP)—Governor Earl K. Long, who arrived here early today to attend the state fair and address a beer rally, was presented as absence a report that fear of a coup by ex-Governor Richard W. Leche had caused him to place a militia guard at the office of the attorney general.

He declined to state for publication the reason for placing the office under guard but gave an "off the record" explanation.

Ellison's filing as a candidate had nothing to do with my action," the governor said. "I intended to put him all along but I didn't want to be termed a dictator. I would have put

Haynesville Tornado Blows Over Ouachita Lions, 13-0

Peace Leads Team To Win As Locals See Playoff Chances Dim

HAYNESVILLE, La., Oct. 27.—(Special)—Raymond Peace, stellar Haynesville halfback, led the Haynesville High school Golden Tornado to a 13-to-0 victory over the Ouachita Parish High school Lions of Monroe here Thursday night.

Both Tornado touchdowns were scored in the first half, Peace scoring the initial tally on a 92-yard dash through the entire Ouachita aggregation, and a pass, Peace to Dallas Blythe, end, accounting for another touchdown.

Peace turned in his stellar run in the first quarter, and Hollis Jones, a reserve back, kicked the point after touchdown from placement. Blythe scored his touchdown on a ten-yard run after taking Peace's pass in the second quarter. The try for the point failed.

The victory was the first of the season for Haynesville in the Class AA conference. The Tornado, however, has already been trimmed by Fair Park of Shreveport in a conference contest.

It was Ouachita's first double A battle, but, despite the defeat, the Lions, who played a stubborn game here, haven't lost all hope of getting in the playoffs. Each team in the conference lost at least one game last season, and the Lions' only hope is that the same thing will happen this year.

Peace, Blythe, Odelle Rigdon and Holly Heard, all linemen except Peace, played outstanding ball for the locals. Clayton Brown and Bruce Gregg played good ball in the Lion backfield.

AT TACKLE

Big Blondie Evans, 195-pound tackle is back in the Northeast Center line-up to deal the Copiah-Lincoln [illegible] tonight. Evans, who has not been in his best condition for the past three weeks because of a leg injury, has returned to form at a time when most needed. With Hal Hanson, regular left tackle on the injured list, the return of Evans gives the Tribe [illegible] power on the forward wall.

LUMBERJACKS WILL MEET WILDCAT '11'

CLARKS, La., Oct. 27.—(Special)—Coach Dudley Fulcher's Clarks Lumberjacks, strong contenders for the Class B title, journey to Winnsboro Friday for a clash with the Class A Wampus Wildcats.

The Winnsboro game will have no bearing on the Lumberjacks' title aspirations. The Jacks have already [illegible] Louisiana Weslyan, Gilbert, Northeastern Louisiana Normal, Northwestern and Southwestern conference opponents, with Olla-Standard and Columbia.

WAVE-REBELS TOP LIST IN SOUTHEASTERN

Alabama And Louisiana State Seek To Regain Prestige Tomorrow

By Kenneth Gregory

ATLANTA, Oct. 27.—(AP)—Although the efforts may be for a lost cause, if the "experts" have football's situation figured correctly, a trio of Southeastern conference teams will return to the firing line Saturday with certain degrees of hope.

Since Tennessee's decisive victory over Alabama, observers have all but presented the conference championship to Major Bob Neyland's Volunteers. They are of the opinion no team remaining on the schedule can do anything with the power and speed of Tennessee.

Undefeated and untied in conference play along with Tennessee are Kentucky, Tulane, Mississippi and Georgia Tech. Of the clubs, only the Kentucky Wildcats, at present tied with Tennessee for the leadership with two victories, are on the Volunteers' schedule.

The conference lead held by Tennessee and Kentucky will not be in jeopardy this week. The Volunteers have a "rest" engagement with Mercer of the Dixie conference and Kentucky journeys to Cincinnati for a session with that city's Xavier university.

While the pace-setters are mixing it up with these outsiders and looking ahead to more important arguments a week hence, principal attention in the conference realm centers on the New Orleans meeting of Tulane's Green Wave and Mississippi's Rebels. A titular hope will collapse in that affair.

Georgia Tech's Engineers, possessing a conference win over Vanderbilt, go after their second in the renewal of an ancient feud with Auburn in Atlanta. Alabama and Louisiana State, each defeated once, will seek to regain a measure of prestige in engagements with Mississippi State and Vanderbilt, respectively.

Records show Mississippi has lost 12 times to Tulane since its last victory in 1915. Mississippi is undefeated and untied and holds a triumph over Louisiana State. Tulane had a perfect record until last Saturday, when an aerial barrage gave North Carolina a 14-14 draw with the Greenies.

In its renewal of a rivalry with Mississippi dating back to 1893, Tulane's Wave may expect another dose of forward passing. Red Dawson's Tulane line is rated too powerful for any team to attack on the ground. Mississippi has two fine passers in Les Dodson and Junie Hovious. Together they have completed 12 out of 43 aerials.

Georgia Tech and Auburn have missed playing but five times in their annual scraps since 1892. Auburn leads in victories, 23 to 16. Georgia Tech has a stronger offense than Auburn and will take the field slightly favored. The decision probably will be close.

In the other conference scraps, Louisiana State and Alabama should get back on the winning side of the ledger. Vanderbilt has dropped three in a row, but hardly figures to stop Louisiana State, which has shown plenty since that opening setback by Mississippi. Alabama, however, may find the Mississippi State Maroons tougher than some expect.

Florida's 'Gators and Georgia's Bulldogs journey eastward for their engagements. Georgia, defeated thrice, faces a tough foe in New York university. Georgia and N. Y. U. each has won two games in four past meetings. This time Georgia does not have the manpower to handle such an assignment. The University of Florida, winner of its last two starts, faces Maryland at College Park.

The Sewanee Tigers, who made a fine showing last week by tripping Tennessee Tech, the team that tied Vanderbilt, continue non-conference skirmishing in a tilt with Southwestern at Memphis Friday night.

REDS OUT OF RED AND ARE NOT FOR SALE, OWNER SAYS

CINCINNATI, Oct. 27.—(AP)—The National league champion Reds played to 1,133,926 fans at home this year, earned $400,000 profit and "definitely are not for sale," President Powel Crosley, Jr., reported Thursday as directors met at his hospital bedside.

Declaring the attendance among the highest of any team in either major loop, Crosley said the club had reduced its indebtedness by approximately $62,000, paid off arrearage dividends on two classes of preferred paper and that the board had "just declared" a $5.50 payment on common stock.

Crosley, recovering from sprained vertebrae received in a fall from a horse on October 8, said the club had "paid in excess of $162,000 for players' contracts, over and above what we received for sale of players' contracts;" spent more than $115,000 in park improvements; $120,000 more in purchase of the Birmingham (Ala.) club.

To a news man's comment that he had a "buyer for the club," Crosley laughed:

"Not for the world! I'd want more than any man would be willing to pay."

Home attendance included 982,854 paid admittances and 139,072 "ladies' day" fans. In 1938 the team played to 708,756 at home, and the year before, to about 411,000.

As directors met, the front office announced that Jewel Ens, deposed Pittsburgh Pirate coach, had been offered a job with the club, "but not as coach."

Ruston Defeats Neville Eleven By 12 To 0 Score

Tigers Outgain Visitors But Fumble Away Chances Of Victory

The Neville High school Tigers saw their Class A title aspirations fade under a 12-to-0 defeat at the hands of the battling Ruston High school Bearcats here last night at Brown field before the largest crowd to see a Neville game this year.

Fumbles proved costly to the Bengal forces who were in striking distance of the Ruston goal on four occasions. Fumbles spoiled two excellent chances to score and also gave the Bearcats the break that started them on their initial touchdown drive, an intercepted pass stopped another Tiger threat and started the invaders on their second touchdown march, while the Bengals were held for downs on another occasion on the Bearcat ten.

The Bearcats, led by Charles Anderson, stellar halfback, played the entire game without a substitution and scored their first touchdown late in the second quarter after a combination fumble and blocked Neville punt gave Ruston the oval on the Tiger 27. An intercepted pass started Ruston on another touchdown drive from their own four-yard line late in the third quarter.

Anderson pushed over the initial Bearcat tally on a wide end run from the Neville three-yard stripe; and Earl Liner, fullback, scored the second touchdown on a 38-yard jaunt through right tackle.

Neville threatened early in the game. Taking the ball on their own 45, "Red" Rivers and Guy Miller rushed the ball to the Ruston 18, but Jasper Haddad fumbled trying to get through the line and the Bearcats recovered on their own 20. Again in the same quarter Neville went to the Ruston 10, only to be held for downs.

The Bearcats took charge in the second quarter to outplay the locals, although it took a bad play to start the invaders on the way to their first touchdown. With the ball on Neville's 36, Rivers dropped back into punting position, fumbled the pass from center, recovered the ball and tried to kick anyway. The kick was partially blocked and recovered by C. W. Colvin, Ruston back, on the Tiger 27. Liner got five yards at left tackle. Colvin got three around right end. Anderson hit the middle of the line for a first down on the Neville 15. Colvin circled left end for another first on the Tiger three and Anderson circled right end on the next play to score. Anderson's pass for the point fell incomplete.

Another scoring chance, their best of the night, was handed Neville early in the third quarter, but another fumble, evidently the result of over anxiousness, rocked them back on their heels once more. Taking the opening kickoff of the second half on their own 40, Miller and Rivers made three first downs in moving the oval to the Ruston eight. Rivers then sliced through right tackle, but fumbled the ball on the Ruston one-yard stripe and the Bearcats recovered and kicked out to Haddad who was downed on the Ruston 24. The Tigers then got as far as the Ruston twelve before T. S. Nelson intercepted one of Miller's passes and was pulled down on the Ruston four, thus starting a 96-yard touchdown drive. Ruston chalked up three first downs in moving the ball to the Tiger 39, and then Liner got loose through right tackle to score. Anderson's kick for the point was bad.

Neville made thirteen first downs against eleven for Ruston and showed a better ground gaining attack but was unable to provide the punch in the pinches or take advantage of Bearcat bobbles.

It was Neville's homecoming game with the homecoming queen, Miss Mary Barlowe, and her attendants, Misses Ada Ellis Girault, Anne North, Melba Stevenson and Carolyn Husted, occupying seats of honor. The bands of the two schools put on a good show between the halves.

The lineups:

Ruston	Pos.	Neville
El. Wilson	LE	DeMasterson
T. Martain	LT	Wood
Eu. Wilson	LG	Head
Nelson	C	C. Johnson
Walker	RG	McKeithen
C. Skinner	RT	Petterson
Holliman	RE	Simpson
Atkins	QB	Miller
C. Colvin	HB	Haddad
Anderson	HB	Luffey
Liner	FB	R. Rivers

Score by quarters:

Ruston	0	6	6	0	—12
Neville	0	0	0	0	— 0

Scoring touchdowns: Ruston—Anderson, Liner.

First downs: Ruston—eleven; Neville, thirteen.

Penalties: Ruston—20 yards; Neville, none.

Passes: Ruston—two complete, four incomplete; Neville—two complete, five incomplete, one intercepted.

Substitutes: Ruston—none. Neville—Ussery for Rivers, Cavaness for McKeithen, Earl for McMasterson, Gates for Ussery, McKeithen for Cavaness, DeMasterson for Earl, Do. Garrett for Simpson.

Officials: Glenn Huff (T.C.U.), referee; Hal Willis (La. Tech), umpire; J. B. Swanson (La. Tech), head linesman; and Buck Brown (L.S.U.), field judge.

JOE PARELLI TO GRAPPLE INDIAN

Hill And Sampson Also On Double Main Event Mat Card Next Week

Joe Parelli, the former Masked Marvel, who lost his mask in winning from Sailor Watkins in the feature event at the Monroe Wrestling arena last Tuesday, has been signed to meet Yaqui Joe, Mexican Indian, here next week.

In the other event on the card for next Tuesday, Frankie Hill and Dick Sampson will wrestle in a bout in which fans will have a hard time picking their favorite. Sampson, former Toledo, O., school teacher who wears a grin even under the most exacting circumstances in the ring, has established himself as a favorite with local fans in his few appearances here, while Hill always has proved popular.

In announcing the schedule for next week, Promoter Gus Kallio said that each match would be a main event, all four grapplers being of such ability as to command feature billing. The two events will be the best two out of three falls with a time limit of an hour.

Parelli has defeated Sampson and Watkins in his two appearances in the local arena, but he is expected to have his hands full with the wily Yaqui Joe. It should develop into a test of strength against cunning and speed, with the Indian exhibiting the latter two qualities. Parelli, who appears one of the strongest matmen who has shown in Monroe, has displayed plenty of power in crushing his two opponents so far, and Yaqui Joe, who glides over the mat with effortless speed, possesses a pair of legs that are noted for their power. As an indication of how much his legs mean to him in his game, Yaqui has them insured for $10,000.

Parelli may be able to use the strength he has displayed in breaking punishing holds in other matches here to beat off some of the Mexican grappler's pet leg holds, but Yaqui Joe uses his legs with such control that he is able to get another holds as fast as an opponent breaks one.

Sampson and Hill are expected to furnish a clean, scientific show, with mat addicts having to think twice before they decide which one to pull for.

The first event will begin at 8:30 o'clock at the arena, 504 Walnut sueet. The referee for the bouts will be announced later.

REBELS' BACKFIELD ACE WITHDRAWS FROM SCHOOL

UNIVERSITY, Miss., Oct. 27.—(AP)—Johnny Whittington, star University of Mississippi halfback, who was in the car in which Jesse Ward, stellar end, was killed last Saturday night, withdrew from school Thursday.

Erm Smith took Whittington's place on the team. Billy Sam and George Bailey will be the alternates. The squad will leave tomorrow morning for the game with Tulane in New Orleans.

No reasons were given for Whittington's withdrawal except that he had felt badly since Ward's death. Coach Harry Mehre had no comment.

Two others riding in the automobile when it overturned near Hernando, Miss., after Mississippi's 42-0 victory over St. Louis, were injured but were reported recovering. Both Ward and Whittington scored touchdowns in the St. Louis game.

Whittington apparently escaped injury in the accident but was kept under observation in the university hospital for several days.

BULLDOGS MEET TAMPA TONIGHT

Techmen Hope To Keep Home Record Clean Against Florida Squad

RUSTON, La., Oct. 27.—(Special)—After three consecutive games on foreign fields, the Louisiana Tech gridmen will perform again at home at 8 o'clock Friday night, in an intersectional contest with the University of Tampa Spartans.

Besides desiring to atone for misdeeds that cost them three defeats in out-of-town encounters, the Techmen hope to keep clean their home record of three victories this season by trouncing the visiting Spartans. After decisive triumphs over Arkansas A. and M., Illinois Wesleyan university and the Alabama State Teachers college in meets at Ruston, the Bulldogs fell by the wayside off their campus by losing to Western Kentucky at Bowling Green, Birmingham-Southern at Birmingham, and Louisiana State Normal at the state fair.

Another item that has the Techmen keyed up to trim the Tampans is the fact that during the past four years the Bulldogs have lost but one game each year on their home field. In 1935, Tech was nosed out by Millsaps, 20-21, in the Bulldogs' only loss of the season. The following year at Ruston, the Mississippi State Teachers defeated Tech, 12-7, in the Teachers' only home loss of the year. In 1936, Illinois Wesleyan negotiated a 2-0, victory over Tech to hand them their only local trimming, although Centenary tied the Bulldogs, 7-7, and Southwestern knotted the count at 0-0, at Ruston. Last year, Tech's only home defeat came from Mississippi college by a score of 26-13, wth Southeastern of Hammond, chalking up a scoreless tie with the Bulldogs at Ruston.

Indications are that a large crowd will attend the Tech-Tampa game. The more than 2,000 students and usual cash patrons will be augmented by many of the students' fathers, with the occasion having been designated as "Dads' night." The fathers will be admitted free if accompanied by their student sons or daughters holding ticket books. Furthermore, arrangements have been made to admit as guests a large number of music teachers and supervisors who will be in Ruston to attend a music conference this week-end.

Coach Ray E. Davis has had his proteges hard at work all week in preparation for the Spartans, stressing [illegible] all phases of the [illegible] Tuesday's workout was [illegible] Wednesday night was [illegible] in a rain Thursday night, during which Coach "Blue" Hoag's freshmen [illegible] ders gave the varsity men a strenuous tussle.

The probable starting lineups:

Uni. of Tampa	Pos.	La. Tech
Kolka	LE	Adams
Newlands	LT	Phillips
Fordyce	LG	Jaspers
Fisher	C	Hendricks
Anderson	RG	Goodgame
Zaiko	RT	Meeks
Reed	RE	Gooch
Beynon	QB	Merriott
Patton	LH	Tinsley
Williams	RH	Zoeller
Buchan	FB	Michael

Officials—Huff (S.M.U.), referee; Masters (Texas), umpire; Hair (Iowa), head linesman, and Bendel (Tulane), field judge.

BLOCKING IS STRESSED IN DRILL FOR MAROONS

TUSCALOOSA, Ala., Oct. 27.—(AP)—Coach Frank Thomas stressed blocking assignments Thursday in a final brisk workout for the game between his Alabama eleven and the Mississippi State Maroons.

Friday's session will be light, with play review scheduled. Holt Rast, sophomore end from Birmingham, continued to run with the first string eleven, and Paul Spencer was at fullback.

A homecoming day crowd of more than 15,000 was forecast for the Mississippi State contest, last of the year in Denny stadium.

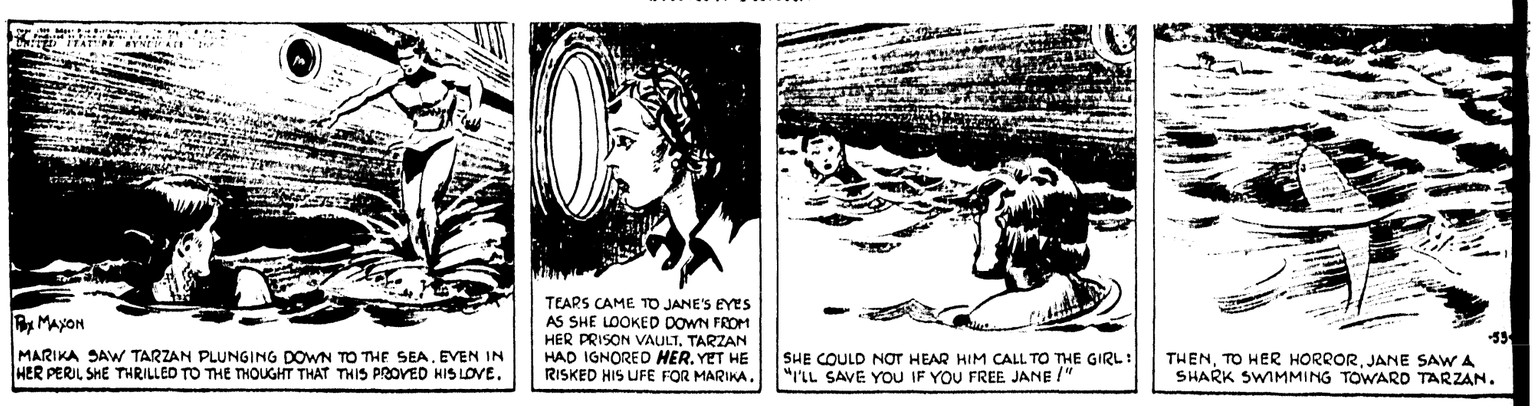
TARZAN — SEAWARD LEAP — By Edgar Rice Burroughs

DOWN TOWARD THE TOSSING SEA MARIKA FELL, AROUND HER NECK WAS THE KEY TO JANE'S PRISON VAULT.
TARZAN KNEW HE MUST HAVE THAT KEY TO SAVE JANE. HE STUMBLED TO THE RAIL.
MACGREGOR TRIED TO RESTRAIN HIM. "YOU BEING BUNS LAD, YOU'RE GOING TO YOUR DEATH," HE WARNED.
TARZAN SHOOK HIM OFF AND LEAPED INTO THE SEA!

JANE'S TEARS



MARIKA SAW TARZAN PLUNGING DOWN TO THE SEA. EVEN IN HER PERIL SHE THRILLED TO THE THOUGHT THAT THIS PROVED HIS LOVE.
TEARS CAME TO JANE'S EYES AS SHE LOOKED DOWN FROM HER PRISON VAULT. TARZAN HAD IGNORED HER. YET HE RISKED HIS LIFE FOR MARIKA.
SHE COULD NOT HEAR HIM CALL TO THE GIRL: "I'LL SAVE YOU IF YOU FREE JANE!"
THEN, TO HER HORROR, JANE SAW A SHARK SWIMMING TOWARD TARZAN.

NEW YORK STOCKS

By Victor Eubank

NEW YORK, Oct. 27.—(AP)—Light, but persistent, selling threw the stock market for a loss today and leaders dropped fractions to around 2 points at their worst.

Rallying attempts were feeble throughout the session and volume was small in comparison with recent days. Transfers approximated 1,100,000 shares. At the finish many issues were better than their lows for the day, and some losses were converted into gains.

NEW YORK, Oct. 27.—(AP)—The stock market ran into a certain amount of mild selling pressure today and leaders slumped fractions to more than two points.

The pace was slow from the quiet opening on. Near the fourth hour prices were around their lows.

Failure of yesterday's rally in the rails to hold, brokers said, discouraged traders who tightened their positions until sentiment as to the future could be tested a little better.

While many in Wall Street feel that the market is considerably behind business recovery, analysts said today that in war time stocks generally sell at a lower ratio of price to earnings than in times of peace. This they asserted was true from 1914 to 1918, the price-earnings ratio in [illegible] favor to issues dropping in that time from about 20 times earnings to around 5 to 10.

Foreign markets were generally firm although the Amsterdam bourse took on an irregular tone at the close. Bonds [illegible] lower and commodities were [illegible].

Commission houses with foreign connections said there was some liquidation of American securities from abroad [illegible] [illegible] [illegible] [illegible] [illegible] [illegible] [illegible].

CHICAGO GRAIN

CHICAGO, Oct. 27.—(AP)—Wheat [illegible] [illegible] [illegible] higher in early dealings today. Reports of clearing weather in the southwest together with little or no rain having been received in most important wheat producing areas gave the market moderate buying support.

Opening [illegible] to 3-8 higher, December 83 7-8 to 84, May 82 3-4 to 84, wheat later held near this range. Corn started unchanged to 1-2 off, December 49 1-4 to 1-2, May 52 1-8.

Wheat closed 7-8 to 1 1-2 cents higher than yesterday, December 85 1-2 to 5-8, May 84 3-4 to 5-8, corn unchanged to 1-4 lower, December 49 5-8 to 3-4, May 52 1-4 to 5-8, oats 1-8 to 1-4 up.

CHICAGO, Oct. 27.—(AP)—Butter 780,016, steady, prices unchanged.

Eggs 2,499, firm; fresh graded firsts 21 1-2; other prices unchanged.

AMERICANS' INCOME SHOWS BIG INCREASE

WASHINGTON, Oct. 27.—(AP)—Americans received $2,000,000,000 more in wages, dividends and other forms of income in the first three-quarters of this year than in the similar 1938 period, the commerce department estimated today.

The total for the nine months was $50,789,000,000. The department said that if the same pace continues until the end of the year, the 1939 total will be $68,600,000,000, compared with last year's $66,275,000,000.

The year's average was brought up by a boost to $6,012,000,000 in the estimated September earnings of the population. The gain last month was attributed to increased farm income resulting from higher farm prices, higher dividends and higher industrial payrolls, although the latter increase was offset somewhat by decreased relief payments.

The social security board announced that unemployment insurance payments in September dropped 24 per cent below the August total. Payments in September aggregated $33,806,000 as contrasted with an average of $38,649,250 for the previous eight months of 1939.

LAFAYETTE JURY ASKS MORE FUNDS

LAFAYETTE, La., Oct. 27.—(AP)—The Lafayette parish grand jury, now in the fourth week of its session, called upon the parish police jury late Thursday afternoon for funds to continue its investigation, it was learned.

Robert Dumesnil, grand jury foreman, stated a request for funds had been made to the police jury but declined to state the amount sought nor give any other details of the matter.

No announcement was forthcoming from the police jury regarding the matter taken up Thursday when the police jury and the grand jury met briefly in joint session.

The grand jury at its own session Thursday afternoon heard three witnesses, Willie Guidry, Ernest Cormier and Allen Church. The body then adjourned until Saturday morning.

According to reports, the grand jury is looking into matters including alleged practice of dual office holding.

R. J. GOZA PLEADS FOR MORE SAFETY

R. J. Goza, member of the Monroe police department, was the speaker at the weekly luncheon of the West Monroe Kiwanis club last Tuesday noon.

He discussed the general theme of Safety. He stressed the need for safety in the home, especially as regards the safe keeping of the lives of children. Safety training, he said, should be a part of the education of each and every child.

But he stated that character building is also to be incorporated into the training of the young and that they should be taught to respect those principles for which America stands and which have made America great. With so many destructive "isms" loose in the land, he said democracy can only be preserved by constant vigilance.

Mr. Goza said that he had information to show that Communists hold a meeting each week in West Monroe and have done so for the past two years. Communism, he declared, can never be reconciled with the principles of a great democracy and cannot be permitted to exist unmolested.
